FISCAL IMPACT STATEMENT

LS 6938

BILL NUMBER: HB 1560

NOTE PREPARED: Jan 6, 2003

BILL AMENDED:

SUBJECT: Confined feeding operations.

FIRST AUTHOR: Rep. Liggett

FIRST SPONSOR:

BILL STATUS: As Introduced

FUNDS AFFECTED: **GENERAL
DEDICATED
FEDERAL**

IMPACT: State

Summary of Legislation: This bill requires an applicant for approval of the construction of a confined feeding operation to submit to the Department of Environmental Management an odor control plan that outlines procedures for reducing odors at and preventing odors from escaping from the confined feeding operation. The bill requires the operator of a confined feeding operation to submit an odor control plan to the Department before July 1 of each year to maintain valid approval for the confined feeding operation. It allows the Department to amend an approval or revoke an approval for a confined feeding operation (1) if the confined feeding operation fails to submit an annual odor control plan; and (2) if amendment or revocation is needed to reduce odors at or prevent odors from escaping from the confined feeding operation. This bill also requires an approved confined feeding operation's first odor control plan to be submitted to the department before January 1, 2004.

Effective Date: July 1, 2003.

Explanation of State Expenditures: The proposal will increase administrative expenses for IDEM to the extent that the Department will have to process the odor control plans. The specific impact is indeterminable at this time.
